

Technical Data Sheet

Name	Hard Fat
Properties	This product is a white or off-white waxy solid
Melting Point	30~45℃, with a tolerance of $\pm 2^{\circ}\text{C}$ of the indicated value
Acid Value	Not more than 0.5
Iodine Value	Not more than 2.0
Peroxide Value	Not more than 3.0
Unsaponifiable Matter	Not more than 3.0%
Alkaline Impurities	Not more than 0.15 ml
Uses	Suppository base, release retardant, etc.
Packaging Specifications	20kg/drum, 20kg/carton
Storage Conditions	Sealed, stored in a cool place
